Garnet Super Star

Raven Currie

Raven Currie is our friendly and familiar face that sits in the Lobby! Yes, she is one of our Concierges. Her friendly smile illuminates the entrance of our building. Everyone really enjoys and respects Raven and the Great Customer Service that she provides for the Garnet Guests, Residents, and Staff. Raven is soft spoken, always polite, and very likeable. She just has a way with people and people respond to her in kind.

The Residents are what Raven describes as being her favorite part of being a Concierge. She enjoys the conversations that they have, and all the humorous stories that they share with her. The Residents are what makes Raven's day a little Brighter when she's here. "There are so many different personalities to experience here and that is what I like most."

Other than the Residents, Raven's favorite part of being a member of the Garnet family is all the wonderful friends that she has made here! Everyone is so friendly and gets along so well.

When Raven is not here, she is a talented Computer Art composer. She has been dabbling in computer art for about 5 years and really enjoys creating traditional and digital works of art. If she is not involved in her creative art projects, she is playing video games. She loves every kind of video game, but her favorite kinds are Platform games, Solo games, and Games with her friends.

Thank you, Raven, for all you! We Appreciate You!

Silver Star Resident

Larry Williams

Larry Williams has been a member of the Garnet family for approx. 6 months. He loves it here at the Garnet because everyone has been so friendly and welcoming to him. Everyone talks to him and invites him to activities and events. Larry said he felt right at home from the very first day that he was here. He said that prior to his arrival here, he had

a small doubt that maybe he wouldn't fit in, but that doubt was washed away from the very start. The thing that impressed Larry the most about the Garnet, from the very beginning, was the Dining room and the food. This was not like a cafeteria or frozen food. This is like eating out in an upscale restaurant every meal with real homemade cooking. "I've never eaten as much in my life as I do now. Everything is so good and the Cook and the Servers are super nice."

Prior to being at the Garnet, Larry was a Truck Driver and later became a DOT (Department of Transportation) Coordinator.

Larry describes himself as a "1970's Hippie who loves Cars and Rock-N-Roll Music". Cars are his passion. His favorite car is a 1934 Ford, painted black with flames of course!

Thank you, Larry, for being our Silver Star Resident of the Month!

MARCH 2024

IT'S OUR PLEASURE TO SERVE YOU....

With Spring just around the corner, it's time to start thinking about some Spring Cleaning. Spring will be here before we know it and we want to make sure that we are ready. Taking the time to clean out your dresser drawers and closets can help make room for Summer wear, and keeps things neat and tidy. We can also go through those items in our bathrooms that may be empty or need to be combined. What about those storage boxes or piles of papers to go through? Let's not forget about giving this area a little attention too. Take a few minutes every day to just go through these things. Ask yourself, "Do I really need this?" Sometimes we think we may need something and then don't- we don't want to get rid of it, so we store it somewhere. A good rule of thumb is if you haven't used it in 6 months donate it or toss it out. Let's "March" into Spring with a Smile!

"Life is a painting, and you are the artist. You have on your palette all the colors in the spectrum."

Women's History Month

Amelia Earhart

As we begin the month of March, it occurs to us that this is the month to celebrate Women's History. I chose to enlighten us on a brave and adventurous young lady named Amelia Earhart. Amelia was born on July 24, 1897 in Atchison, Kansas. She grew up as a bit of a Tomboy and was used to disputing what was acceptable behavior for a female. She would climb trees, hunt rats with a .22 rifle, and ride a snow sled on her belly. Flying never entered her mind though.

The first time she saw a real plane, she was 10 years old and it was made of wood and rope- she was not impressed. However, a decade later at a Stunt Flying Exhibition- flying really grabbed her attention and it stuck. Amelia took her first flying lesson in 1921 and quickly saved enough money to buy her own plane- a Two Seater Bi-plane-, which she painted yellow and named Canary. She used this plane to set her first record for rising higher than 14000 feet. In 1928 Amelia decided to set the record for being the first Woman to fly over the Atlantic Ocean. She flew in a group to include Bill Stultz and Slim Gordon. The trip was successful and upon their return they were met with a Ticker-Tape Parade in New York and dinner with President Calvin Coolidge. Amelia was as famous in her time as Taylor Swift is today. Amelia was nicknamed "Lady Lindbergh" after she made one of the same flights as Lindbergh himself a decade prior. Amelia's final flight was on July 2, 1937 near her 40th B-Day. She wanted to be the first female to fly around the world. Her last radio transmission was at 8:45 am and she was never heard from again. She vanished completely. This is still a mystery today.
